

Parking Ban

Please be aware that the Village of Saranac Lake DPW will start regular snow removal as the weather changes this month. In order to practice effective snow removal throughout the Village, a Parking Ban will be in effect starting on Friday November 15th. All vehicles must be parked off of the street from 2AM - 6AM. This is in effect for all Village streets from the 15th of November through the 15th of April.

The Village provides an overnight lot for those that need off street parking for their vehicle. Please use the Dorsey Street Parking Lot to leave vehicles overnight while the Parking Ban is in effect.
